

## Collegiate Cyber Defense Competitions

<b>Inject Name</b>	Identify Key Concepts in a Login Banner
<b>Inject ID</b>	LEGP11T

<b>Description</b>	<p>Login banners are important when pursuing legal remedies for unauthorized access to an organization's infrastructure.</p> <ol style="list-style-type: none"><li>1. Identify the key concepts that should be in a login banner that will aid in the prosecution of unauthorized access.</li><li>2. Compose a login banner for the organization that includes these key concepts.</li><li>3. Configure/install this banner on all the network reachable devices.</li></ol>
<b>Deliverables</b>	<p>Respond with a business memo that enumerates the key concepts and provide the text of a login banner that the organization can use on its devices. Provide screenshots of this banner installed on each server and network device.</p>
